WGI states that the estimated cost of the proposed new delivery point is \$1,549,838. It is stated that Seaboard would reimburse WGI \$450,000 as part of the costs of the facilities. It is further stated that in connection with this project, the Oklahoma Highway Commission would also pay \$371,000 to relocate a portion of its pipeline from a highway expansion project. WGI also states that Seaboard would be served by WGI as a firm transportation customer pursuant to Rate Schedule FT-N. WGI states that service to other customers will not be affected by the construction or operation of the new facilities.
